Tribute is hereby expressed by your Superintendent of Schools for your educational interest and support in recognizing the attainment of McIndoes Academy's centennial achievement.

No less a milestone is the similar achievement this year of the centennial recognition of the Town of Monroe, which embraces its school.

The trend of Monroe School enrollments since 1919 fluctuated upward in the 1930's and have decreased since that period. In 1919, there were 62 pupils registered, in 1933 the number increased to 85, dropped to 74 in 1943 and to 69 in 1953.

There are 33 secondary school students enrolled this year; one at Orford High School, two at St. Johnsbury Academy, and thirty at McIndoes Academy.

The continued efficient administration of the school by Principal Nye, assisted by a competent and industrious staff of teachers, is to be most highly commended. The spirit of cooperation between pupil and teacher is all that could be desired. Academic accomplishments are well above the average. The pupil is enjoying "school".

If a child is to live well with others, he must first accept himself; he must feel that he is adequate. The

school exists to help the child better understand and accept himself, to extend his experience in many and varied areas, and to help him to work with others to satisfy common needs.

The continued efforts of the citizens to support their schools, the interest and activities of the school board in establishing school policies and the efficient guidance by the teachers in carrying out their professional duties by developing a sound philosophy of education in the school is hereby acknowledged with sincere approval and appreciation.

Respectfully submitted.

PHIL A. BENNETT
